To: Wellness Clinic Participants/ Patients

This letter is to inform you that I will be leaving Robeson County Wellness Clinic effective February 9th, 2012. Unfortunately, I will be unable to continue any primary care as I am going to a clinic that only accepts specialty patients. Your medical records will be kept secure as per HIPAA regulations. If you would like your medical record sent to another provider, please call Michelle at 910-671-4316 and she will be glad to assist you with this. If you have chronic conditions, or need refills, please contact the office in the next 2 weeks so that we can ensure that your medical care is not interrupted. Michelle will be able to contact me for the next 30 days for refills and other issues to ensure that you have enough time to secure another provider, and I will refill chronic meds during that time to ensure continuity of care for you.

Sincerely,

A handwritten signature in black ink that reads "Diana M. Canady FNP-C". The signature is written in a cursive style.
